What attendees have to say...

"At the presentation, they did a great job explaining the Medicare process. I had been stressing over how and when and HOW to start the process. They took the time to listen to my circumstances and offered their help. I think I slept the best I had in the weeks after the meeting. Such a relief to know someone that knows what they are doing is on your side"

- Stan D.

"I'm so glad I attended the presentation! The social security office told me that they couldn't enroll me, but The Insurance Hub helped my husband and me enroll on-line in less than 30 minutes totally free. I'm going to tell all my friends about them!"

Michele S.

"I've been to other events like this, but never one this good and entertaining. The explanations were easy to understand, the food was good (self-served and not stuffy). I went from being totally confused to looking forward to meeting with them again!"

- Christine J.

"We put the **care** in Medicare"

You're Invited to Attend a No-Cost Educational Class on Medicare!

Designed for those with Medicare or will soon be eligible!

EVEN THOUGH MEDICARE IS THE BACKBONE OF HEALTH CARE for most seniors, few know what it covers – and doesn't, what it costs, and when action is required. Yet mastering Medicare could be the key to living a longer and healthier life while protecting your nest egg at the same time.

Don't be the one saying, "NO ONE TOLD ME!"

If you answer "no" to any of these questions, this educational event is for you...

Discussion Highlights include:

- Do you understand Medicare parts A, B, C, and D?
- Which is better for you, Medigap (Supplement) or Medicare Advantage – do you know that you may be eligible for a trial period to try a Medicare Advantage Plan?
- What do you do if Medicare denies payment for a procedure that your doctor says you need?
- If you have employer provider health insurance or a retiree health plan, how does it work with Medicare... and do the dollar and cents make it wiser to switch to Medicare?
- Do you understand the times of the year when you can change your Medicare Plan – and when you can't?
- Are you aware of lifetime penalties for late enrollment for both Part B and Part D?
- Do you have questions about other Medicare rules?

**Learn about all your options.
This is strictly an educational event.**
